

NEW FORMULA !

OLIVIE FORCE ANTI-AGE

5500 TIMES RICHER IN ANTIOXYDANTS
COMPARED TO A REGULAR EXTRA VIRGIN OLIVE OIL

Our vegetal capsules OLIVIE FORCE Anti-age benefit from confirmed health allegation of EFSA (European Food Safety Agency) concerning the antioxidant effect of olive tree polyphenols.

The polyphenols OLIVIE FORCE Anti-age (hydroxytyrosol, tyrosol, oleuropein...) are known to be powerful antioxidants. They are one of dietary supplements most often touted as a natural anti-aging product. Proponents suggest that increasing your intake of antioxidants may help slow the aging process and prevent a number of aging-related diseases (including heart disease, cancer and Alzheimer's). The capsules OLIVIE FORCE Anti-age, 100% natural, contain in a concentrated manner all the benefits of the olive tree.

✓ Their concentration of the main antioxidant hydroxytyrosol (> 40'000 mg/kg) is 5500 times greater than a regular olive oil (7mg/kg)!

✓ An unrivaled richness in hydroxytyrosol, this antioxidant exceptionally bioavailable and easily absorbed by the body.

The world highest ORAC value ever achieved : 3672 mmol TE/kg, the best way to neutralize harmful free radicals.

***nearly 200 times greater than curcuma !**

100% natural: OLIVIE FORCE Anti-age is naturally obtained from olives by physical extraction without using additives or solvents.

Organic Product: The components of OLIVIE FORCE Anti-age are organic certified and 100% natural.

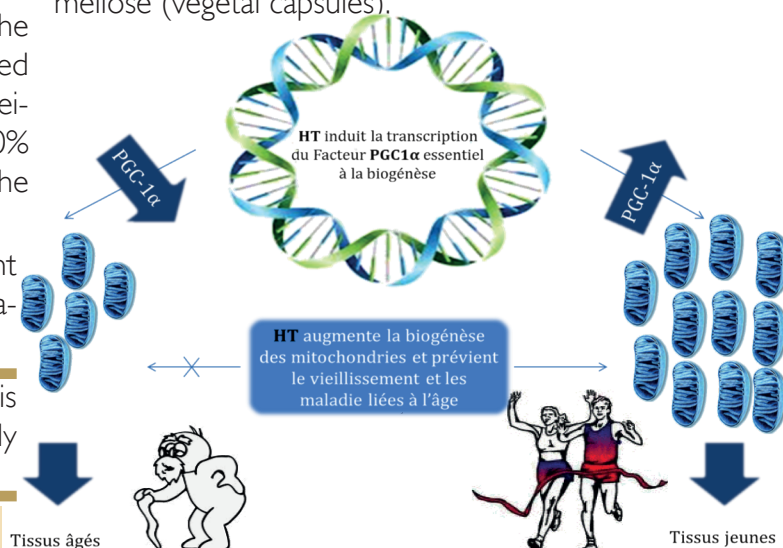

1 Packaging = 1 box with 4 blisters of 20 capsules each (80 in total) 20 days with a use of 4 capsules per day after meals.

Does not contain gluten, wheat, milk, yeast, artificial aromas, conservatives, dye-stuff.

Suggested use: 4 vegetal capsules per day after meals. According to EFSA, the antioxidant beneficial effect is obtained with a daily intake of at least 5 mg of hydroxytyrosol.

In other words, OLIVIE FORCE Anti-age is beneficial from the consumption of one capsule daily (20 mg of hydroxytyrosol/ Capsule).

Ingredients: olive tree extract (Olea europea L.), olive oil rich in antioxidants, food grade clay, hypromellose (vegetal capsules).

**IN TERMS OF ANTIOXYDANTS QUANTITY,
1 CAPSULE = 2 LITERS OF A REGULAR OLIVE OIL**

NEW!

TRANSLATION OF OLIVIE PLUS 30X ORGANIC INTO VEGETAL CAPSULE FORM BUT 130X MORE RICH IN HYDROXYTYROSOL AND ALWAYS 5500 TIMES RICHER COMPARED TO A REGULAR EXTRA VIRGIN OLIVE OIL !
